which are not consistent with the constitution or bylaws of an organization or policies of the

B. Principles
   1. The university believes that student’s organization development must be nurtured in an atmosphere of
social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of
higher education.
   2. The university believes that while social behavior cannot be legislated, an organization without
morally sound precepts and practices is not a constructive influence upon university students
   3. The university believes that any organization with pledging or initiation programs has a solemn
obligation in the development of its pledges and members which extends to the institutions where it is
represented; to parents and others who make possible the education of pledges and members; to the
communities where chapters are accountable for good citizenship; and to the university.
   4. The university further believes, despite the fact that much progress has been made, that one of the
most damaging elements to a student organization is the employment of a program of education which
includes hazing and that this unproductive, ridicules and hazardous custom has no rightful place at the
university.

C. Policy
   As defined in Section A, all forms of hazing by any individual, group or organization is strictly prohibited
by the university. Any infractions of the hazing policy by students, groups of students, or student
organizations shall be processed through established campus disciplinary procedures.

of suspension, dismissal, or expulsion from the university.
   2. Any student organization found guilty of hazing will be subjected to immediate loss of recognition for
a specified period of time and possible revocation of its campus charter of applicable. An organization
desiring recognition after the specified time period shall re-apply for recognition through the
established campus procedures.
   3. If a student affiliated with an organization acts individually or on the part of the organization to
commit an act of hazing, both the student and the organization shall be held liable for the action and
appropriate sanctions shall be imposed.
